

## KAHER's J. N. MEDICAL COLLEGE

### Pharmacology CME 2019

Dear friends and colleagues,

It is our pleasure to invite you on behalf of organizing team to the CME on “**DENTAL PHARMACOLOGY**” at the department of Pharmacology, JNMC, Belagavi on 11th April 2019. The event is another endeavour in continuation to the yearly series of academic programs organized by department of pharmacology and local IPS branch, Belagavi.

The use of animals is considered mandatory in pharmacology teaching & research. However, as per recent recommendations for the use of animals in research, social concerns about use of animals & ethical obligations to follow the “3Rs” of animal testing (refine, reduce, replace), there is a need to adopt alternatives to animals in teaching and research. This CME will focus on both in vitro and in silico approaches as alternatives to use of animals. This CME will give delegates an excellent opportunity for hands on training in **Computer aided animal experiments**.

We have also applied for credit hours from the Karnataka Medical Council.

**Dr. A. P. Hogade**  
Organizing Chairman

**Dr. Aruna Bhushan**  
President IPS, Balagavi  
Branch
